Multi-Step Finish & Corrosion
Shield
Smooth & Quiet Felt Track

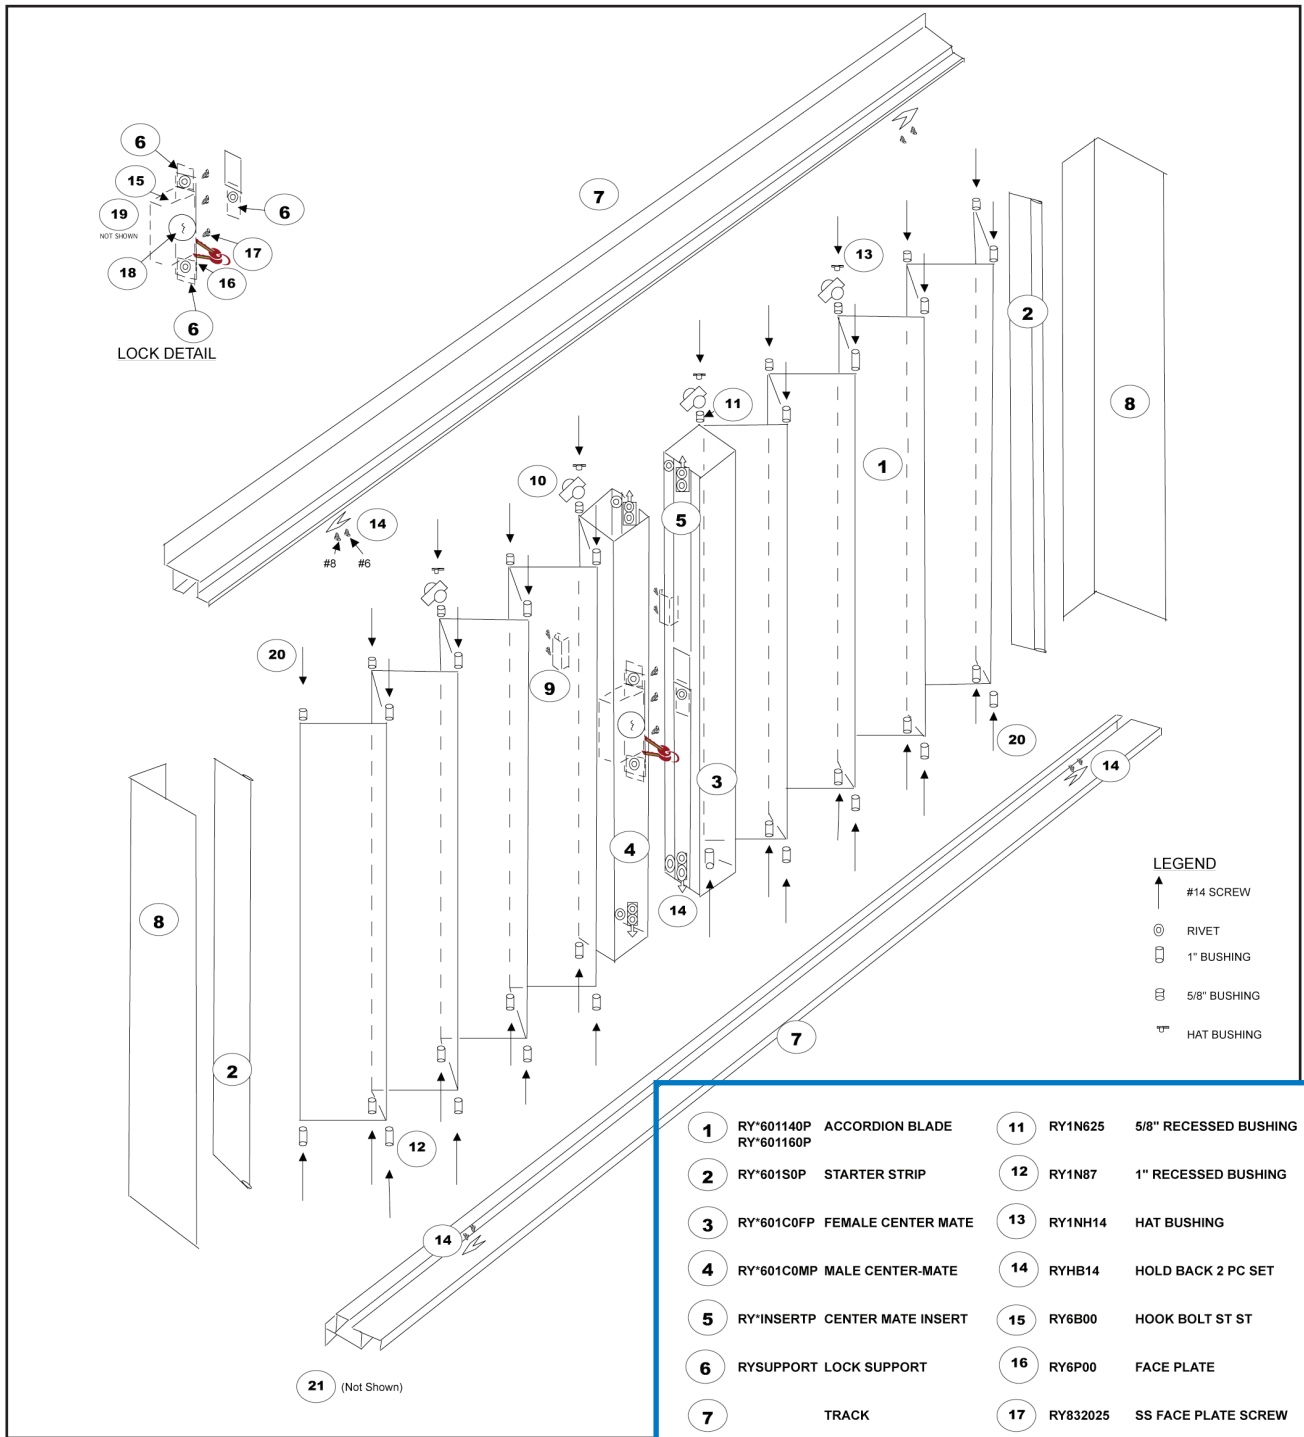

Roller Star USA shutters are brand name shutters featuring our high quality, heavy duty components, mechanism and manufacturing process. That means not only are the slats a superior grade of extrusion, every component used has been tested and proven over and over for long lasting quality, durability and performance.

Every Roller Star USA shutter is Florida Building Code approved, built to the same standard and level of specifications used for testing and product approval.
